Assisting Victims of Oswego Township Fire

Community members are coming together to aid victims of the Oswego Township Fire that occurred early Tuesday morning, only a week before Christmas. Twenty-four families were displaced by this apartment complex fire in Oswego Township and the building has since been deemed uninhabitable. The Health Department is collaborating with community partners to be a positive force for recovery during this time. Our top priority is to ensure that everyone affected by this fire becomes stabilized with a place to live and recovers as soon as possible.

During this tragedy, community members are reaching out to provide much needed assistance to the victims of this fire. Below are some regional housing resources and donation options that community partners are offering to aid in the recovery process.

Regional Housing Resources

Attached you will find a listing of more reasonable housing options that may host accommodations for displaced families. If community members also have private housing options with rent that is reasonable, please feel free to call the Health Department.
